**Special Snow  
Edition  
January 2010**

Snow, beautiful but can be annoying. As usual when it snows Britain pauses. Most Schools have been closed and with GCSE and A-level exams to be taken it is not the best time to snow. Buses have stopped. Cars are struggling to get around. Shops can't get any products in. Wind and the weight of snow is causing trees to fall over.

Sporting fixtures are being postponed. Rubbish Bins are not being emptied. Royal Mail are struggling to get post delivered.
